

# Notice of Master Plan

## Township of Alfred and Plantagenet

### Lefaire Water Master Plan

The Township of Alfred and Plantagenet (Township) and The Nation Municipality (Municipality) have completed a Master Planning process in accordance with Approach 1 of the Municipal Engineers Association (MEA) Class Environmental Assessment (Class EA) to develop a Water Infrastructure Master Plan. The Master Plan study assessed various options to improve the performance and reliability of the water treatment and distribution systems to ensure they can be relied upon to accommodate current and future flows generated within the Township and the Municipality.

Based on the study findings, input from technical agencies and the public, the Master Plan is now complete. The preferred alternatives include upgrades to the water treatment plant, booster pumping stations, distribution systems and water storage. The recommended projects are presented in Section 6 of the Master Plan report which is available for review at the Township Hall or on the Township's website: [Plans, Reports and Studies - Township of Alfred and Plantagenet \(alfred-plantagenet.com\)](http://Plans, Reports and Studies - Township of Alfred and Plantagenet (alfred-plantagenet.com)) and at the Nation's website: [Announcements & Notices - The Nation](http://Announcements & Notices - The Nation)

By this notice, the Master Plan is being placed on public record for a 30-day review period in accordance with the requirements of the Municipal Class EA. Interested persons may provide written comments to the project team by **July 11, 2025**. All comments and concerns should be sent directly to:

All personal information included in your request – such as name, address, telephone number and property location – is collected, under the authority of section 30 of the Environmental Assessment Act and is collected and maintained for the purpose of creating a record that is available to the general public. As this information is collected for the purpose of a public record, the protection of personal information provided in the Freedom of Information and Protection of Privacy Act (FIPPA) does not apply (s.37). Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential.

If there is no request received by **July 11, 2025**, the Master Plan is deemed complete, and the Township may then proceed with implementing the recommendations.

This Notice is issued on **June 11, 2025**.
